

Sunshine Fund

To All Our Neighbors,

As we all know, life can bring unexpected challenges, and in those moments, a small gesture of kindness can mean a great deal. That's why, for over a decade, the PenneLoafers have maintained the Sunshine Fund—a way for us to send cards of support to our fellow members when a member or their spouse passes away.

The Sunshine Fund is supported by contributions from our members and is used solely to purchase and send sympathy cards. While donations are welcome, participation is completely voluntary. A collection jar will appear periodically if the fund balance needs replenishing, with a goal of maintaining approximately \$150. Once that amount is reached, contributions will pause until needed again.

Holly Templeton serves as the Sunshine Fund Coordinator, selecting and sending the cards on behalf of the club. However, all financial transactions, including reimbursements for cards and stamps, are handled by the PenneLoafers treasurer, who also makes any charitable donations in the event of a member or spouse passing.

The PenneLoafers continue to thrive as a unique neighborhood club in The Villages, built on friendship and community spirit. The Sunshine Fund is just one way we can show support for one another in times of need.

Thank you for your kindness and generosity.

Warm regards,

The PenneLoafers Council
